

Art/DT

We will be developing our art skills in a range of topic related pieces that include paints, pastels, pencils and collage. Our artwork will be based around the abstract pieces of Johannes Itten. We will be creating our own piece of abstract art. In our DT project, we will learning textile skills to design and make a cushion.

History

Our history topic this term is Ancient Greece. We will explore how Greek times have influenced life today. We will also learn about the way of life in Athens and Sparta, the legacy of Ancient Greece including democracy, the Olympics and how they influenced maths, science and technology.

Geography

Within this area, we will explore Arctic and Antarctic, including the climate change crisis and how we can reduce the impact of this, how animals adapt to their environment, and who is Greta Thunberg.

PE

Our class' PE days are still Monday (indoor) and Wednesday (outdoor with Mrs Clifton). Can you please ensure that your child has their earrings removed (if this applies!) and long hair is tied back. We also ask that children keep their PE kit in school throughout the week in case PE days change, and that kits include shorts, trousers, trainers (this should be a different pair to what they wear to school), T-shirt and jacket/hoody.

Important dates:

Monday 30th January: Y3 trip to mosque
TBC: LKS2 Ancient Greeks day

Thank you for your continued support ☺

Spring Term

Our Staff

- Miss Davenport - Teacher
- Mrs Westby – TA & interventions
- Mrs Clifton & Mrs James – PPA cover

Our Timetable

Morning	Afternoon
8:35 Doors open	12:00 Lunch
8:45 Register	13:00 2 lessons daily; History/Geography/Art/DT/RE/ PSHE/Computing/French/PE/Music plus Handwriting, Reading, TTRS
9:00 Assembly (M, Tu, Th)	
9:20 Maths	
10:30 Break	15:20 Home time
10:45 SPaG & English	

Welcome to Spring term in Y3LD! We hope you had a lovely Christmas break; we were pleased to see your children happily returning to school in 2023. Below, we have collated some useful information for this term.

Homework

Homework will continue to be set on a Friday (and posted onto Dojo), and is due in by the following Tuesday. There will be either a Maths, English or wider curriculum task/activity as well as regular reading of 3-4 times per week, recorded in Reading Records (please bring these in for checking on Thursdays). Additionally, children need to access TT Rockstars and learn our weekly spellings. Spelling tests will be held on the Friday after the homework is set.

Maths

We are going to be learning about the following areas in Maths this term: multiplication, division, length and perimeter, mass and capacity and fractions. This will include multiplying a 2-digit number by a one-digit number, using a formal written method, dividing numbers using a written method (bus stop), measuring shapes, converting lengths and looking at the area of shapes. Also, we will be looking at comparing and ordering fractions. Finally, we will be comparing capacity and volume and focusing on equivalent masses.

English

The majority of our English learning will be based around our class novel: The Breadwinner. Within this, we will cover setting descriptions, war poetry, diary entry, non-chronological reports, debates and an explanation text. We will identify the features and build upon the skills needed to make successful writers, with a big focus on conjunctions to extend sentences. Spelling, punctuation and grammar skills will also be embedded.

Science

We will continue teaching Science on Wednesdays to enable us to split into our specific year groups. The topics we will all cover this term are 'Earth and Space' and 'Plants'.

Y3s will learn about the parts of plants and their functions as well as their life cycles. In our Space topic, we will learn about the different planets in our solar system, how day and night are created, types of rock and magnetic forces.

Y4s will focus on how soil helps plants grown and grouping and classifying plants. In our Space topic, we will focus on the sun, planets and their moons (and orbits) and forces, including gravity and friction.

Music

Our music lessons will now be taught by Mrs James on Thursdays while Mrs Gibbons (the specialist WPT teacher) is on maternity leave.

Computing

This half term, on Thursdays, Mrs Khan will teach fortnightly computing sessions.

Religion, Ethics & Philosophy

Children will continue to learn about values, diversity and beliefs. We will explore Charles Darwin, Jesus, miracles and we will be visiting the mosque to learn more about Islam.

PSHE

We deliver PSHE using the Jigsaw scheme. Our Spring term topics are 'Dreams and Goals' and 'Healthy Me'. Children will think about their own ambitions, how to overcome challenges and manage frustration. After half term, we will cover attitudes towards drugs, dealing with peer pressure and coping with fear and anxiety.
