HEADTEACHER: Mr S Holmes

WICKERSLEY
PARTNERSHIP
TRUST

At Aston Hall Junior and Infant School we aim to provide a positive learning environment for all children, where effective teaching and learning can take place. We believe that effective communication between home and school is essential to supporting children in their learning. Underpinning all of our core beliefs are our School Ways (see appendix A). These form the foundations for everything we do and are embedded across the school ethos.

Aims

To establish more effective communication links with parents/guardians.

To enhance the current effective behaviour policy.

Introduction

ClassDojo is an online tool which offers many useful features including: positive behaviour reinforcement, parent/guardian and teacher communication as well as class/school newsfeeds.

Aston Hall Junior and Infant School will use ClassDojo for all of these features.

ClassDojo is free and works on any iOS/Android/Kindle Fire device or web browser.

Parents/guardians can also read all Class Story posts in their preferred language instantly.

In order for the system to work efficiently and effectively, this document will highlight the stipulations around use from teachers and parents/guardians in order to keep ClassDojo as a positive tool. These stipulations will be annually reviewed.

ClassDojo is compliant with the GDPR and parents/guardians give permission for the school to process their child's data on the system when they join the service. All information on ClassDojo is private between teachers, parents/guardians and children. Information is never sold and ClassDojo permanently deletes pupils' personal information when they stop using ClassDojo. Teachers, parents and children can always access and delete their information at any time.

How does Class Dojo work?

Aston Hall Junior and Infant School uses the ClassDojo App to communicate securely with parents/guardians about their children online. The app offers a Facebook style interface which manages the flow of frequent information from school to home.

Parents/guardians are sent a passcode which connects them to their child's account - we use ClassDojo from Foundation Stage all the way through to Year 6

Pupils will have the opportunity to login to their own area of ClassDojo and change their avatar (monster) as well as view their points. Please note, children do not have access to use messaging services through ClassDojo.

Class Dojo is a secure site and provides information in an easy to use format similar to Twitter and Facebook. Aston Hall Junior and Infant School will use ClassDojo to keep in touch with parents about school events, send reminders, send celebratory messages about learning and community activities.

Class Dojo has three main elements that school uses:

- Digital Sticker points - Children will collect Dojo points from staff when they show positive behaviours linked to our school ways. Dojo points will not be taken away for negative behaviour.
- Class Story - general class news, photographs and celebrations, reminders and updates.

- School Story - news and photographs from across the school, informing you about whole school events, sporting results and other whole school information and updates.

In the event of blended or home learning, class teachers will share tasks and activities through the class page. Children will be able to submit their home learning through their Student Portfolio.

Expectations for Teachers

Staff should be aware of the working hours (Monday-Friday 8am to 5pm) surrounding ClassDojo and that parents/guardians may message outside of these times. Teachers are asked to refrain from checking their messages outside of these working hours.

Should teachers receive any messages which they find inappropriate, they will report them to a member of the Senior Leadership Team immediately so that they can take appropriate action.

Should a staff member decide that Class Dojo is not a suitable way to respond to a question/concern, they may instead decide to telephone parent or organise a formal meeting.

Should a staff member be unable to answer a question via the messaging system, they may ask the parent to phone the school directly.

Any messages which refer to absences, sickness, progress etc., should be directed to the school office with a brief message.

Teachers and support staff are encouraged to post updates on their class page- the amount is at your discretion and may include regular reminder posts about swimming/PE days/homework deadlines and other important class events such as trips or assemblies. In addition, celebrations of work should be shared either individually to parents/guardians or via the class page.

Teachers will regularly share messages and work samples via the Class Story page that promote positive understandings of class and whole school learning.

Teachers will only use the first names of the children when posting pictures or messages on ClassDojo (and may, on occasions, use the first initial of a child's surname also if there is more than one child that shares the same first name within that class).

Teachers are respectfully reminded to not engage in any conversations about personal matters via the class page or the messaging service.

Information that is considered sensitive or private will be communicated with parents/guardians only via the private messaging platform, not through Class Story or School Story.

All users of Class Dojo are to make themselves fully aware of the children who are in LA care or who do not have permission to have their photographs shared on websites and social media from the school. Teachers will share photos, digital recordings, messages and work samples only for pupils whose parents/guardians have given permission that this information can be shared.

Teachers cannot share content published on ClassDojo on their personal social media accounts due to a breach of privacy.

It is not expected that teachers will need the app on a personal mobile device, as school is mindful of the impact this may have on teacher's personal time.

Parents/Guardians Responsibilities

When parents use the Class Dojo service, they accept this policy in full.

ClassDojo is only available to parents and children registered at the school. **Parents are reminded that they should not take images from ClassDojo and post them elsewhere online. What is posted in Dojo stays in Dojo. Breaching this requirement will lead to account suspension.**

When first joining the service, parents/guardians can use a generated invite code in order to link with their child's class, either through the use of the smart phone app or website.

Only parents/guardians will be given access codes to ClassDojo. It is expected that up to two parents will be linked to a child's account; any additional adults will only be accepted in special circumstances. Requests received from any other persons will be rejected.

Parents/guardians can view their child's points total and story feed and they can 'like' class posts.

A response to a comment or query will only be given during the hours of 8am – 5pm Monday-Friday as the rest of the time Dojo is set on 'quiet time'. Teachers are asked to refrain from checking their messages outside of these working hours.

Parents/guardians should be aware that an immediate response cannot be expected and teachers will not necessarily respond to messages straight away. They will endeavour to do so within 24 hours during working days only. They may also not read the message that you have sent until the end of the day due to their teaching commitments.

The following matters should always go through the School Office:

- Absence (such as medical appointments)
- Sickness
- School dinner enquiries
- Complaints
- Music lessons
- Urgent messages (e.g. collection of children)
- Requests for appointments

Any messages which refer to absences, sickness, progress etc., will be directed to the school office with a brief message.

Should a staff member be unable to answer a query via the messaging system, they will ask the parent to phone the school directly.

All parents are respectfully reminded to not engage in any conversations about personal matters via the class page or the messaging service.

Parents and Guardians will give permission for their child's photographs, work samples and digital recordings through the school photograph consent form.

Parents/guardians cannot share photographs, messages or work samples published on ClassDojo on their personal social media accounts due to a breach of privacy. Parents/guardians who share private or confidential material or information will have their account suspended.

Parents/guardians will recognise that ClassDojo is a means to share positive understandings of classroom and whole school learning. It should not be used to compare pupils work samples, digital recordings or photographs.

Parents/guardians will understand that the number of posts will not be consistent from week to week and will be dependent on events that are happening in school. The number and content of posts may also differ across year groups.

Monitoring of the policy

It is the responsibility of all members of staff who use ClassDojo to ensure it is used according to this policy. Monitoring of the policy will be by Senior Leaders who may view the Class Dojo page at regular intervals to ensure the policy is being adhered to. Aston Hall Junior and Infant School teachers, parents & guardians who participate in ClassDojo agree to the terms of the Code of Conduct. If these terms are breached, the Headteacher will decide on an appropriate course of action. For more information about ClassDojo please refer to: <https://www.classdojo.com/en-GB/#LearnMore>
