**HEADTEACHER:** Mr S Holmes

Wednesday 6<sup>th</sup> December

Dear parent/carer,

I am pleased to tell you that we will be using a website called IXL in our classroom this year, initially with our Y2, Y5 & Y6 pupils as a trial. IXL is a comprehensive learning program offering unlimited Maths and English practice across thousands of skills—all of which are aligned to the national curriculum. One of the best things about IXL is that your child can access it from home, so you have a chance to see their progress!

To get your child started at home, please follow these easy steps:

1. Go to <https://www.ixl.com> or download the IXL-Maths and English APP on your app store
2. Enter your child's username and password and click "Sign in." (they have been given a little card with their login details on)
3. Alternatively, click the QR code on the app and you can scan the QR code on your child's login card to sign in without having to type in the username and password (great for our younger children)
4. Click on any skill to start learning!

IXL is designed to help your child learn at their own pace. The program is adaptive and will adjust based on your child's demonstrated understanding of the material. All of your child's results will be saved, so you can monitor their progress anytime by clicking on Analytics.

I hope you'll encourage your child to use IXL regularly during this trial period.

Many thanks,

Mr Holmes

Headteacher
