

Dear Parent/Carer,

Re: Skipping Festival Project - Photo and Video Consent

Your child may have advised you that we are taking part in a skipping competition festival, where we will be competing against other local schools.

Skipping School Ltd, the Company managing the project and event, wish to take photographs and videos during the festival, in order for the children to see themselves in action, and also to show and share with other schools the very high standard of skipping that will be on display.

These images may be posted on Skipping School's website: **www.skippingschool.co.uk** and also on their Twitter page: **@skippingschool1** and Facebook page: **www.facebook.com/skippingschoolltd** during and after the event. This will allow you as parents/carers to see your child/ren in action during this fantastic event and celebrate their achievements with them.

**** NB: Should there be several children with photo/video exclusions at the event, Skipping School Ltd will only post a team photo of the winners. ****

In order for you to see how photos and videos will be presented, please use the links above to see examples of other schools and children at previous events.

If you have any questions or concerns please feel free to contact
Jodi or Chris Corcoran from Skipping School Ltd. via email on
info@skippingschool.co.uk

If you can please complete the form below, and return it to us as soon as possible.

Skipping Festival Photo and Video Consent Form
