

Dear parents and carers,

Following recent communications between The Lime Trees, the Trust, and leadership teams across our newly partnered schools, we want to thank you for your feedback regarding the updated wraparound pricing structure.

The Lime Trees, along with Senior leaders at the Trust, are passionate about reaching the right solution for the children in our schools and community and have been working together closely to ensure we can meet those needs.

We fully recognise that any change in routine or cost of provision can create challenges for families, and we want to reassure you that we have listened carefully to the concerns raised, particularly around affordability.

At The Lime Trees, we are committed to delivering high-quality childcare that supports families and enhances children's school experience—but we are equally committed to being responsive and fair. As such, we have reviewed our pricing model in partnership with the Trust and school leaders to ensure we strike a better balance between sustainability and accessibility.
